## SPORT 28. A LOT OF YACHT FOR ITS SIZE.

---

“We have remained loyal to our avowed goal and have packed a lot of boat and space into our Sport 28. The Sport 28 combines visually sophisticated design with ingenious functionality usually only found on larger boats. The boat features an incredible spacious generosity and in close cooperation with our partners we have created a motorboat that provides fun on the water and promises adventures – all whilst maintaining Bavaria’s unique price-performance ratio.”

Andres Cardenas, CEO Bavaria Yachtbau GmbH

Sportive dynamics and powerful proportions – it is with bright eyes that one marvels at the spacious cockpit layout and the wide exterior gangway featuring a running rail.

# LEAVE DAILY ROUTINE BEHIND. BUT NOTHING YOU WOULD LIKE TO HAVE WITH YOU.

“We have completely overhauled the Sport 28 while at the same time holding on to the classic design characteristics of the Sport series. We have modernized the overall concept of the boats allowing for a more qualitative look and more sportive features.”

Laurenz Schaffer, Director BMW Group DesignworksUSA Munich

Everything in view: the marvellous coastline while standing at the comfortable helmstand. Or the delicious fish being prepared on the electric grill behind the helmsman seat.

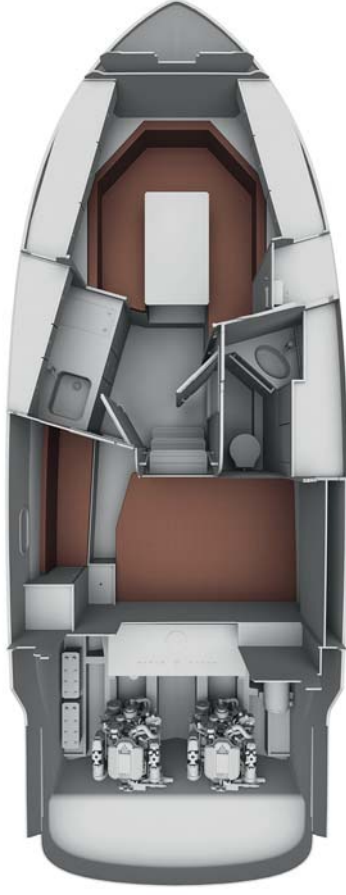

# BEING ALONE IS ONLY BEAUTIFUL TOGETHER.

Multiple sunbathing and seating areas cater for a variety of new favourite spots. On the bathing platform, on the spacious, expandable stern sunbathing area, in the cockpit's seating area or on the optional sun upholstery on the foredeck. And to make sure also everything else fits perfectly, there is easily accessible stowage space underneath the aft sun pad.

Below deck you will find the inviting salon. The kitchen suffused with light is as breathtaking as the adjacent settee convertible to a double bed by lowering the table. The newly designed bathroom and separate aft cabin including a full-size double bed (1.40 x 2.00 m) leave nothing to be desired. The only thing you have to take care of is selecting the wood colour.
